Welcome Address

Dear colleagues and friends,

We are pleased to announce the organization of the 6th Seminar on tendon transfers of the upper limb on fresh frozen cadaveric specimens which will take place on September 9th -11th, 2021, in Thessaloniki, Greece.

Hopefully, the Seminar will be organized regularly following the protocols the authorities suggest. Moreover the development of the COVID-19 vaccine gives us a new perspective and enhances our hopes that we will be back to our normal life within the next few months.

Despite the difficult circumstances we are facing due to the pandemic of COVID-19, we insist on continuing this series of Seminars which have been established as an institution since the recent years we witnessed a significant increase of interest among orthopaedic surgeons in the tendon transfers of the upper limb. The Seminar will be a chance for the younger colleagues to be informed about the new developments in the field

of tendon transfers and for us to meet again and share our experiences from the daily clinical practice.

The Seminar is organized by the Orthopaedic & Traumatology Association of Macedonia and Thrace in co-operation with the 1st Orthopaedic Department of Aristotle University of Thessaloniki, "G. Papanikolaou" General Hospital of Thessaloniki.

The theoretical part of the Seminar will be held at the Teloglion Fine Arts Foundation while the educational program on fresh frozen cadaveric specimens will take place at the Laboratory of Anatomy and Surgical Anatomy of AUTH.

Despite the distressing situation at the moment, we are optimistic and we look forward to mingle once again with our dear colleagues. As hosts and organizers we shall spare no effort in making your participation scientifically rewarding and as meaningful as possible.

We hope in your active participation.

Sincerely yours

The President of the Seminar

Dr. Lamprini Katranitsa
Orthopaedic Surgeon
Thessaloniki, Greece

The Honorary President of the Seminar

Prof. Panagiotis Givissis
Professor of Orthopaedics AUTH
Director of the 1st Orthopaedic Department of General Hospital "G. Papanikolaou" Thessaloniki, Greece

REGISTRATION FEES

Registration Type	Cost
Specialists (lectures & cadaveric workshop)*	500,00€
