# Informing health policy decision making

The Health Policy Institute (HPI) is a non-profit research and consulting company dedicated to assessing, producing and disseminating evidence to support health policy decision making.

At HPI, we specialize in health reforms monitoring and assessment, health needs definition and analysis, health financing restructuring, health economics modeling and health technology assessment (cost effectiveness, cost utility and budget impact analysis).

We have a track record of designing, introducing and supporting the implementation of patient-centered, evidence-based health care interventions that cover the range of health care services, from prevention, screening and diagnosis through to care and recovery.

Our research focus is on developing assessment and policy change tools that will empower and promote patient participation in decision making in health care and help optimize care delivery both for the patient and the payer.

2018  
October 5<sup>th</sup>-6<sup>th</sup>

## WELCOME ADDRESS BY THE PRESIDENT OF EUASSO

Dear Participants,

On behalf of all the organizers to this 5th EUASSO Conference on Surgical Oncology, it is my great pleasure to welcome you to Thessaloniki, a city with 24 centuries of uninterrupted history.

The 2018 congress mission is to give medical and scientific information on a range of malignancies and management.

The congress will deal with tumors of different origin such as head and neck, breast, colorectal, oesophago-gastric, pancreatic, hepatic and cutaneous ones as well as peritoneal carcinomatosis, sarcoma and melanoma.

The congress focus is to approach all these in a multidisciplinary manner sharing our experience with some of the most eminent international oncologists and surgeons.

The target audience includes healthcare practitioners in the field of surgical oncology, clinical oncology, gastroenterology and radiology. The programme will also include satellite meetings addressed to nurses in these fields.

The spirit of the meeting has always been very open, especially for younger colleagues who are starting to react to stimuli deriving from their ability and experience.

It is my personal goal to interact with each of you individually during the meeting.

I wish you a warm welcome to Thessaloniki.

**Prof. Giuseppe Petrella**

President of EUASSO

## WELCOME ADDRESS BY THE EXECUTIVE PRESIDENT OF EUASSO

Dear Friends and Colleagues,

On behalf of the European-Asian Society of Surgical Oncology, I am honored to welcome you all to our fifth official Annual International Conference.

EUASSO 5 will be held on the land of ancient cultures, of Great scientists and doctors, and of Hippocrates and Socrates where the culture of high intellectual philosophy has been cross-fertilised with medicine, giving us for example the first anti-venom a number of diseases. And the first line of treatment for cancer.

This fifth conference will unite the two biggest and oldest continents on earth by discussing all updates in the treatment and diagnosis of cancer. This forum is one of the most interesting multidisciplinary ones in the Euro-Asiatic area.

We invite our speakers to enrich us with their experience, knowledge and wisdom, by presenting their research on how to fight this fatal disease which drains health, power and resources from humanity. This exchange of knowledge will be made in this land in full respect to our cultural differences and in scientific harmony with all researchers.

We will also try to emerge out with a consensus regarding current topics in the management of cancer, which will be discussed in our round tables.

There will be a range of workshops and all this is organized with our Greek colleagues. So we look forward to welcoming and wishing everyone a happy and pleasant stay, while enjoying the fruits of this scientific meeting.

Wishing you all the best and I am looking forward to seeing you in Thessaloniki.

Sincerely,

**Prof. Taha Mohsin Al-Lawati, MB.ChB., FRCS. AFSA.PhD**

Executive President of EUASSO

## WELCOME ADDRESS BY THE PRESIDENTS OF THE CONGRESS

Dear Colleagues,

It is a great pleasure to announce that the **5<sup>th</sup> EUASSO Congress** will be held on **October 5<sup>th</sup>- 6<sup>th</sup> 2018** at Porto Palace Hotel in Thessaloniki, Greece.

Firstly we would like to thank the President of EUASSO Prof. Giuseppe Petrella and the Board of Directors of EUASSO for choosing to organise the Congress in our hospitable city.

Colleagues from Europe, Saudi Arabia, Oman and Asia will exchange ideas and knowledge considering the treatment options for all types of cancer. The Scientific Program includes round tables and short lectures concerning the treatment and economical management of pancreatic, gynecological, breast and lung cancer.

We would like to thank you in advance for coming and we are looking forward to seeing you in what is promising to be a very interesting Congress.

Sincerely Yours,

The Presidents of the Congress

### **John Spiliotis**

Surgical Oncologist,  
Director and Chairman of the Peritoneal  
Surface Malignancy Unit, European  
Interbalkan Medical Center Thessaloniki,  
Athens Medical Center, Athens, Greece

### **Kyriakos Souliotis**

**Executive President:** Taha Mohsin Juma Al Lawati

**General Secretary and Treasurer:** Dimitrios Varvaras

## AIM OF EUASSO

**EUASSO**  
EUROPEAN | ASIAN SOCIETY  
OF SURGICAL ONCOLOGY

EUASSO's mission is to promote excellence in surgical oncology in the Euro-Asian continent through patient-centred care.

Involvement of all parties is therefore paramount, as is the need for efficient channels of conversation. All actors - lay and professional, at home, at the clinic or consulting remotely - must be engaged and coordinated at all times.

## SCIENTIFIC PROGRAM

*Friday, October 5<sup>th</sup> 2018*

**09.00 - 10.15**

### ROUND TABLE

#### DCIS IN NOWADAYS DIAGNOSIS & TREATMENT

Moderators: **G. Kyropoulos, T. Al Lawati, G. Papadopoulos**

Evaluation of MRI detected DCIS lesions in comparison with mammographic and ultrasound findings

**D. Kanavou** (Greece)

The role of second-look ultrasound examination for MRI-detected suspicious lesions

**K. Boutsiadis** (Greece)

Finding the balance between over- and under-treatment of DCIS

**I. Askoxylakis** (Greece)

Radiotherapy in DCIS: Is always necessary?

**D. Pantoleon** (Greece)

**10.15 - 10.55**

### LECTURES

Moderator: **D. Pantoleon**

Prepectoral implant based breast reconstruction: An evolving paradigm

**D. Varvaras** (Italy)

10.35 - 10.55

Breast cancer in young women

**K. Karapanagiotis** (Greece)

**10.55 - 12.00**

### ROUND TABLE

#### LUNG CANCER UPDATES 2018

Moderators: **D. Filippou, Ch. Emmanouilides, I. Titopoulos**

Epidemiology and staging of lung cancer

**D. Chourmouzi** (Greece)

Extended resections for lung cancer

**A. Kleontas** (Greece)

Operations for preservation of lung parenchyma in lung cancer

**D. Filippou** (Greece)

Current oncological treatments for lung cancer

**Ch. Emmanouilides** (Greece)

**12.00 - 12.30**

**Coffee Break**

12.30 - 12.50

**LECTURE**

Moderator: **J. Spiliotis**

Lung mesothelioma

**N. Barbetakis** (Greece)

12.50 - 13.10

**LECTURE**

Moderator: **Ch. Emmanouilides**

The influence of diet on anti-cancer immune responsiveness

**A. De Lorenzo** (Italy)

13.10 - 13.30

**LECTURE**

Moderator: **D. Farmakis**

LN dissection in thyroid cancer

**Th. Papavramidis** (Greece)

13.30 - 13.50

**LECTURE**

Moderator: **M. G. Pramateftakis**

Single port and conventional laparoscopy in colorectal surgery:

Comparison of two techniques in gulf area

**M. Al Qubtan** (Oman)

13.50 - 15.30

**Break**

15.30 - 16.30

**ORAL PRESENTATIONS**

Moderator: **N. Agnantis**

**O01 ROBOTIC APPROACHES FOR RECTAL CANCER**

Konstantinidis H., Charisis C.

Robotic General and Oncologic Surgical Department, European Interbalkan Medical Centre of Thessaloniki, Greece

**O02 ROBOTIC ESOPHAGECTOMY**

Konstantinidis H., Charisis C.

Robotic General and Oncologic Surgical Department, European Interbalkan Medical Centre of Thessaloniki, Greece

**O03 ACCELERATED RADIOTHERAPY IN STAGE III NON-SMALL CELL LUNG CANCER (NSCLC)**

Karauli E., Kraja F., Spahiu O., Hoti A., Nina H.

University Clinic of Oncology, University Hospital Center "Mother Teresa", Tirana, Albania

- O04 PREGNANCY-ASSOCIATED BREAST CANCER, THE ROYAL HOSPITAL EXPERIENCE**  
Alrahbi S., Al-lawati T., Alnoor Sh.  
The Breast Unit, Department of General Surgery, The Royal Hospital, Muscat
- O05 NEW ERA IN ALBANIA IN THE TREATMENT OF BREAST CANCER USING IMMEDIATE BREAST RECONSTRUCTION WITH PROSTHESIS AND BIOLOGICAL MESH**  
Helidon N.<sup>1</sup>, Petrella G.<sup>2</sup>, Mergo K.<sup>3</sup>, Varvaras D.<sup>2</sup>

## GENERAL INFORMATION

### Certificate of Attendance

According to the National Drug Organization, certificates will be provided after the completion of attendance of 60% of the Scientific Program. Thus, a bar code system will be implemented during the Congress.

### Congress Badge

Delegates are obliged to show their congress badge at the entrance of congress hall for their attendance time to be registered.

### Exhibition

Within the Congress area there will be an exhibition of medical equipment and pharmaceutical products.

### Presentations

Available visual equipment for all presentations will be through power point presentation. For power point use, your presence to the "technical reception desk" is required one hour prior to the time of your presentation in order to check the compatibility of your cd or usb stick and to copy the relevant files. Use of personal computers will not be feasible.

### Taxis

Taxis are available in front of the airport as well as the hotel entrance.

### Insurance

We cannot accept responsibility for any personal loss, accidents or damages to participants and/or accompanying persons. Participants are strongly advised to obtain personal insurance to cover any eventuality that may occur during the Congress.
